Portrait Choices!

Deluxe

Recommended for all wall portraits (8x10 and larger).

The deluxe portraits are coated with a laminate that has a matte finish. This reduces glare and UV exposure. It also hides dust and finger prints. These portraits come mounted to a ridged foamcore board for maximum durability.

Standard

Available at a slightly reduced cost. Standard portraits are available in all sizes but most suited for 5x7 and smaller. They feature a matte finish.

Unique Portrait Displays

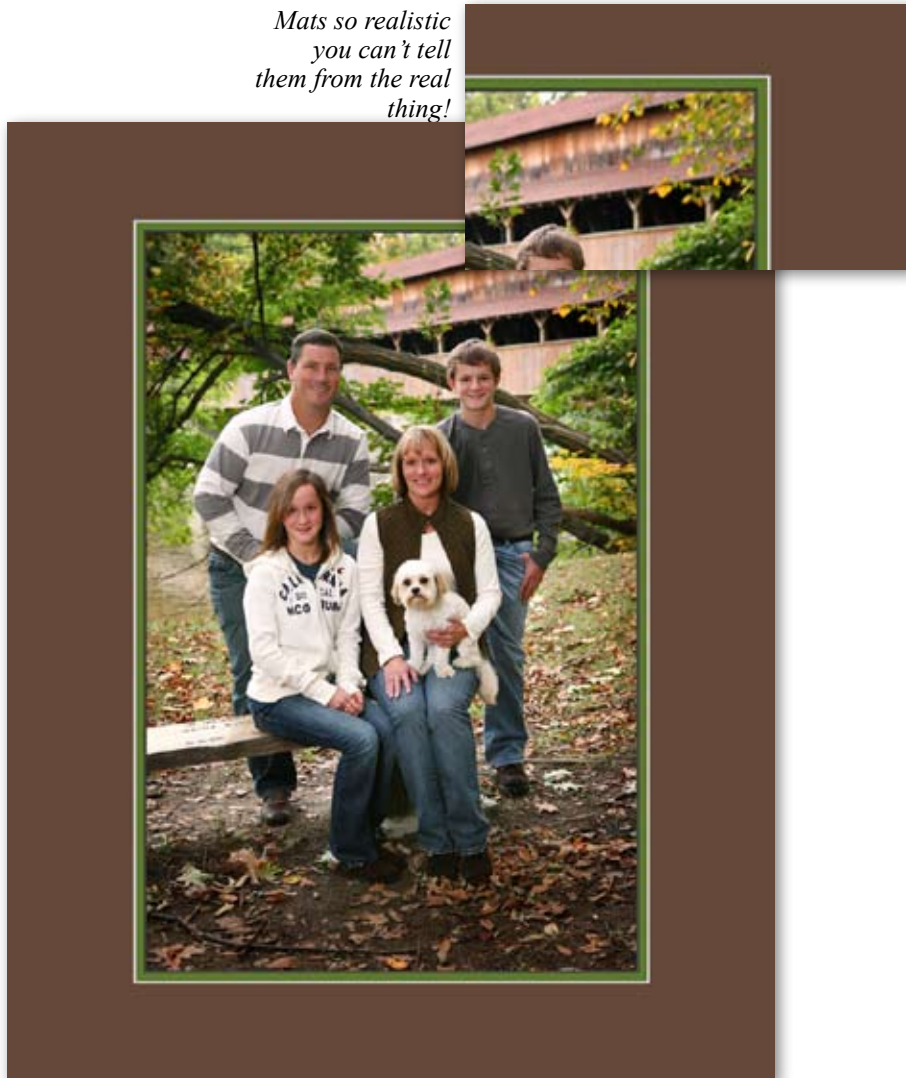

CUSTOMIZED DIGITAL MATS

Single-, double- or triple-mat your portrait at a fraction of what you'd pay at a frame shop—plus, coordinated mat colors and textures you just can't get in ordinary matboard. And since your image is UV protected, you don't even need glass!

Digital mat any portrait just \$32.95

Each mat is custom-designed. Mat colors can match the tones in the photograph, or even the colors in the room where it will hang. You will be able to see an approval print before the final image is printed. Matting will make the outside dimension of your image one size larger; for example, if you choose a 24-inch portrait, the finished image with the mat will be 30 inches; an 8x10 becomes an 11x14 with the mat; and so on.
